If someone you don't know well...

is nice to you	You are so pretty. You are very talented.
asks lots of questions	What things do you like? Do your parents make you mad? What school do you go to? Where do you hang out?
wants to chat on secret platforms	Let's talk more on Snapchat. Call me when your parents are not home.
gets upset if you don't respond	Why are you ignoring me? You are so mean!
tells you a secret	Let's just keep that between us.
gives you a gift	I want to send you money so you can buy yourself something nice.
asks you to do something that makes you uncomfortable	Send me a nude photo or I'll tell everyone your secret.
mirrors you	Oh my parents are the worst too! What happened?

... then they are not a real friend.
